DETAILED ACTION

Election of Group I is acknowledged.

Claims 15 and 16 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

As to claim 15, the "predefined operating states" (corresponding to p. 4, line 21) are undefined.

As to claim 16, "combustion-free overrun" (corresponding to p. 4, line 22) is undefined.

As to claim 14, note was made of the combination of the steps on lines 13-17 with remaining claim limitations.

As to Applicant's REMARKS, phrases whose meanings are undefined in the application (and also are not recognized in the art) do not permit for replication (i.e. use) of the claimed invention.

Please cancel non-elected claim 27 in any response to this Final action.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
